Marissa Chai (Chai) Hibbert is a sophomore at the College of William and Mary, current FLL Team Mentor, and makeup and gaming enthusiast. Ever since she was five years old, she has always had a love for STEAM studies. Chai has been actively involved with FIRST for the past four and a half years, holding positions as a member and co-captain of FTC Team 8095 and becoming a Dean’s List Winner for her outstanding community service work in the 2016-2017 FTC Season. As a FIRST Chesapeake Alumni Ambassador, Chai wishes to continue to give back to the FIRST community, to help boost opportunities in STEAM for young black men, women, and members of the LGBTQ+ community, and to encourage these students to feel confident in their social and academic future.
