Request of Teams

The Team 401 Hosts and Blacksburg High School would appreciate the cooperation of FRC Teams attending the March 20-22, 2019 Qualifier in storing their food and drinks and reducing litter.

The Blacksburg High School has plenty of space, tables and chairs for teams to store their food and drink supplies in the upper cafeteria. Please do not bring cartons of food and cases/coolers of drinks into the gym stands as shown in this image. This situation causes trash accumulations in the stands and prevents spectators from having a seat.

When eating meals outside in the patio area of the cafeteria, please obtain/use a separate a trash bag to collect trash rather than overfill trash receptacles. This will also help reduce litter in/around the patio.

Please dispose of all trash in the proper bins throughout this competition weekend. Thank you for your cooperation.
