

Mariah Bolden – Blacksburg, VA

Mariah Bolden is currently a Sophomore at Virginia Tech majoring in Computational Modeling & Data Analytics, minoring in Data & Decisions.

This is her second year serving as an alumni ambassador. She has experience as a team member or mentor at all four levels of *FIRST* robotics, totaling 19 seasons. As a team member of FRC 1629, Mariah served as a Student Ambassador, Lead Programmer and did outreach with the team. During her senior year of high school, Mariah became involved with the Maryland Robotics Alliance by running their social media, volunteering their offseason event, the Battle of Baltimore, and planning their Education Day events. As a 2-time Dean's List Semi-Finalist, and recipient of the Maryland Youth Mentor of the Year Award, Mariah plans to continue her involvement with *FIRST* for years to come.
