

## Anna Garren – Clifton, VA

Anna Garren is a sophomore at Roanoke College and a former member of FRC 5243 Aegis Robotics. With Aegis, she was involved in both the mechanical and outreach aspects of the team, serving as both Fabrication Lead and Education and Skills Coordinator. She is a Data Science major, concentrating in Public Policy to someday impact lawmakers' decisions through data analysis. She is an RCRobots fellow at Roanoke, doing *FIRST*-related outreach in the Roanoke Valley Area.
