

## Amalan Iyengar – Columbia, MD

I am an electrical engineer in the Communications and Networking Systems group at the Johns Hopkins Applied Physics Lab. I graduated from NC State with a Bachelor's in Computer Science and Master's in Electrical Engineering in 2020, and moved to Maryland shortly after.

I mentor team 4795 in NC and 888 in Glenelg, MD, helping with electronics and software. In my spare time, I like hiking and playing competitive Scrabble.
