

Simon Rupp – Frederick, MD

Simon started participating in FIRST ROBOTICS in 2013 with the game ULTIMATE ASCENT™. From there he developed his love for STEM and continued on to get a Computer Engineering degree from UMBC. He graduated in 2020 and started working at Northrop Grumman in digital verification.

After Graduating from high school, Simon stayed on as a mentor, and in 2019 he began volunteering as an FTAA at CHS events and he hopes to continue volunteering with *FIRST* for as long as possible.
