The George Mason High School Robotics Team #1418 were finalists at the Chesapeake District Event in Haymarket Virginia this weekend.

The team lost the playoff championship by one point in the last two matches after winning the first final match by the high score of the entire weekend. All of the stats are detailed on the Blue Alliance site.

Currently, Mason's team is ranked 7th out of 127 teams in the district, and Mason brought home the trophy for Excellence in Engineering for the first time in the fifteen years of robotics. The next competition will be held at Oxon Hill High School on March 22 – 24.
