

Josh Marciante was a student on FRC team 2199 from 2015–2019. He served on the programming and electrical sub-teams and served as Captain for 2 years. FIRST never left his mind, and he has continued on to volunteer in nearly every level of FIRST program. He is a senior at the University of Maryland, Baltimore County studying Information Systems. A four-year affiliate of the Center for Women in Technology, Josh strives to be an ally to underrepresented groups in FIRST, STEM, and beyond. He is very excited for the coming season and hopes to contribute to great events and teams!
